

Climate Smart Communities (CSC) Task Force

Team Meeting 2-20-2023

Present: Carol Smillie, Tim McHenry, Leah Cadwallader, Pat Odell, Tara Silberberg, Nancy Kuster
Haley Balcanoff via Zoom.

Carol summed up the meeting from January 19; notes will be made and reviewed at a future meeting. It was determined that this group is a Task Force of the Town of Gallatin's Conservation Advisory Council and not a separate entity.

It was decided to join the County of Columbia's Clean Heating, Cooling and Energy Efficiency Campaign. Haley from Capital Planning Group joined the meeting in January as well as this meeting to assist us to finalize the Scoping Document needed for this campaign.

The group then created a plan and scoping document specific for the Town of Gallatin. This was finalized to be given to the Town Board for the Tuesday, February 21, 2023 business agenda and to be submitted to NYSERDA for approval

Notes by Leah Cadwallader
