

August

Attending: Pat, Carol, Tara, Nancy

We had a quick meeting to discuss getting the word out about the CARP survey. Sent to Lisa for email blast

Nancy shared on Instagram

Carol shared with CAC/ town board

Discussed the idea of reaching out to low income homeowners who might benefit from the Clean Heat campaign. How do we identify individuals. Carol or Tara was to discuss with Lisa or County

Attending: Pat, Nancy, Leah, Carol, Tara

Heat Smart Campaign Update: Received 3 more heat pump building permits. We need clarification on Contractors for our credit (NYSERDA Needed?) Receiving conflicting information. We need to contact Christine Bonstat or Haley. Upload documentation of names as well as evidence of events and community out-reach.

Community Solar: There are over 12 signups. Solstice wants to host a party to get more signups. Decided Lake Taghkanic State park would be good. **October 8**

EV Scoping Document: Outstanding – needs to be done

Town should consider shovel ready projects for when funding is available.

Nancy shared a new Partners for Climate Action Grant that may be applicable to the town hall construction project. We forwarded to Lisa who acknowledged she already had it.

Next meeting: October 12, 5:30 at Town Hall.
