Re: Upcoming Short-term Road Closure
Columbia County Route 2 – Town of Gallatin

The Columbia Co. DPW will be conducting a critical short-term County Bridge repair project on the Columbia Co. Rte. 2 bridge over the Fall Kill, located immediately east of the Taconic State Parkway and Near Road in the Town of Gallatin. (See attached location sketch) Columbia Co. Rte. 2 will be closed to all traffic (except local traffic) between Dutchess Co. Rte. 51 and Dutchess Co. Rte. 50 for a period of approximately three (3) weeks for this repair work. The work is anticipated to begin in mid to late July 2019, although an exact date of closure is not known at this time. A follow-up notification will be transmitted to all of the above interested parties as soon as a definite construction start/road closure date is set.

As this project will require the full closure of the Co. Rte. 2 Bridge, a temporary off-site detour will be established for use by Co. Rte. 2 traffic. This detour will traverse Dutchess Co. Rte. 51; NYS Rte 199; and Dutchess Co. Rte. 50 and will be fully signed by our project contractor.

As always, we greatly appreciate your patience and cooperation with this department in our ongoing road construction and maintenance activities in your area, and should you have any questions or concerns regarding the above, please feel free to contact this office at 518-828-7011.
